## READING?

## TAROT

## INTUITIVE

## WHAT IS

Intuitive tarot reading is when you do your reading without the Guidebook and allow your feelings about the imagery and your thoughts and imagination spin your story for you.

The base of all psychic reading comes with an element of imagination because you are being asked to trust that the thoughts and emotions that come to the forefront of your mind during a session are what you (or your client) Needs to hear in that moment.
